The Reliance Ironman™ Lite series : Ideal for use in heavy construction, maintenance, and in harsh environments.

Inspectable

- TattleTale® webbing has an interior ply of contrasting black “strength” yarns that increase webbing strength to 7000 lbs (31kN) and instantly reveal cuts or abrasion
- Built-in impact load indicators
- Bar-coded individual serial numbers for traceability

Comfortable

- Removable back support/tool belt, shoulder padding
- Reliance Quick-Adjust™ torso adjustment buckles
- Quick-Connect chest buckle
- “Floating” thigh stitching reduces binding
- Improved geometry places buckles on front of thigh
- Angled stitching for “tailored” sub-pelvic fit
- Extra large back pad eliminates dangerous ‘D-ring droop’

Durable

- No elastic webbing
- Heat-set labels won't come off
- Extra heavy-duty corrosion and abrasion resistant leg grommets
- Extra thick woven (not sewn) seat webbing for added durability
- Premium anodized aluminum alloy hardware for high strength and reduced weight

Ideal for use with the Reliance StopLite®
